

## - CONNECTOR WIZARD

Pasternack's Connector Wizard will help you find the coax connector you need, and define all the elements of your specific connector requirements.

1. First, select your RF Connector Type
2. Click Search to see all connectors for that type which attach to a Coaxial Cable,
3. Or, select Non-Cable, and click Search, to see all connectors for that type which attach to a Panel, Bulkhead, or PCB (Printed Circuit Board).

If you aren't sure which connector type you need, use our handy [connector identifier charts](#), or contact [TechSupport@pasternack.com](mailto:TechSupport@pasternack.com).

Type:

Attachment:   Cable  Non-Cable
